## About Skyrunning

**Skyrunning.** The discipline of running in the mountains above 2,000m altitude where the climbing difficulty does not exceed II degrees grade and the incline does not exceed 40%. Ski poles and hands may be used to aid progress.

An international federation for skyrunning (running at altitude) has been founded in 2008 following the transformation of the **Federation for Sport at Altitude (FSA)**, founded in 1995. The **International Skyrunning Federation (ISF)** was created to promote, govern and administer the sport of Skyrunning and similar multi-sports activities.

The ISF undertakes to diffuse the practice of Skyrunning with respect for the environment, to promote private and public sports events, to develop training schools and to foster the physical welfare of competitors. The ISF aims to administer the sport of Skyrunning, competitions and events as an independent International Federation with its own legal entity.

The **International Skyrunning Federation (ISF)** is responsible for all aspects of international Skyrunning and associated multisports and raid competitions at altitude. The principal purposes of the ISF are the direction, regulation, promotion, development and furtherance of the sport of Skyrunning and high altitude multisports on a worldwide basis.

## Philippine Skyrunning Association (PSA)

The **Philippine Skyrunning Association (PSA)** is a non-stock, non-profit organization promoting the sport of **Skyrunning** (high altitude running) in the Philippines. PSA is recognized by the **ISF** and is acknowledged as the official ISF member-organization in the Philippines.

The goals of this association are:

- To bring together individuals who are interested in the sport of Skyrunning;
- To conduct trainings, talks and other informational activities to increase public awareness in Skyrunning;
- To organize events (conference, talks, camps, clinics), races, etc. geared towards promoting the sport of Skyrunning;
- To officially represent the country in international Skyrunning events;
- To recruit, train and support promising athletes in the field of Skyrunning; and
- To promote a healthy and active lifestyle
- To advocate responsible stewardship of natural resources, particularly the mountains
